

SMSGuardian is being replaced by MyCardRules

Now Available!

MyCardRules! Now you can take control of your cards.

Just download the MyCardRules app and you can:

- Instantly turn your O'Bannon Bank debit card OFF if it's lost or stolen or being misused
- Set transactions to have a specific spending limit (will not override bank's spending limits policy)
- View debit card transactions
- Set your own alerts anytime the card is used
- Decline in-store or online transactions based upon your settings
- Restrict purchases at certain types of stores and merchants

You also have the ability to set your geographical location so your card can only be used when your mobile device is nearby.

Note: The MyCardRules app is separate from the O'Bannon Bank mobile app.

The mobile banking app gives you the convenience to deposit checks, pay bills, check balances, make transfers, view transaction history, receive account alerts, and find ATM's right in the palm of your hand. And best of all its FREE! If you have an active online banking account with us and a web enabled or text enabled mobile device you are ready for mobile banking. Be sure to check with your mobile provider to insure your plan will work with mobile banking. Message and data rates may apply.

Note: SMS Guardian will no longer be available after December 9, 2019
